___ **Notated Score and/or Audio Recording** (labeled clearly with title of piece ONLY*)

***Please, make sure there are no identifying marks other than the title of the composition on the submitted score or recording. Do not put the name of the composer(s) or school on the score or recording. If you are submitting a cd, make sure you burn it as an audio cd and not a data cd.**

Important information for teachers:

Only **three** submissions per category per school are allowed to be submitted. It is the responsibility of the school music teacher(s) to decide which three pieces per category will be entered in the contest. The composition may be written for no more than eight performers, and may be between 1 - 5 minutes in length for the junior division and 3 - 8 minutes in length for the senior division. Only one submission per applicant is allowed. No prize will be awarded to schools not listed on the application. Pieces composed during the MU Summer Composition Institute (Summer COMP) are ineligible. Please make sure that each submission is in a separate envelope.

Composer Connection (a distance-learning initiative) gives composers a chance to connect with and receive instruction from a graduate student in composition at MU. In an effort to give students further guidance while in the creative process the School of Music developed this distance-learning initiative. Students can e-mail works in progress and questions about composing, and receive feedback and suggestions. This free service will be available after September 1, 2012. The current composer on call is David Witter, and he can be reached at composerconnection@missouri.edu.

Students, if you are selected as a winner, you must provide the University of Missouri with your Social Security number in order to receive your award.

Winners who are unable to submit a Social Security number will not receive their award payment.
