Esterhazy Quartet

For five decades audiences have enjoyed the warmth and elegance the Esterhazy Quartet brings to its discerning interpretations of the standard and modern string quartet repertoire. Critics have praised the quartet for its intelligence, refinement and velvety palette of tonal colors.

The Esterhazy Quartet maintains an active international performing schedule, including concerts at the Mozarteum in Buenos Aires, the Beethoven Society in Santiago de Chile, the Haydn Festspiele in Austria and the Banff Centre for the Arts in Canada. They have been featured repeatedly on National Public Radio broadcasts such as the highly acclaimed "Hear America First" and "Quartessence" series, as well as "Classical Performances" on WGBH-Boston.

The Esterhazy Quartet's festival appearances include the International Chamber Music Festival in Belém, Brazil, the Texas Music Festival and the Western Arts Festival, as well as the International Music Festival of Amazonas. They have recorded for Spectrum, CRI, New World and Albany Records. Recent releases include Michael Horvit's "Chamber Concerto" on Albany Records and James Willey's String Quartet No. 6, available through New World Records. The Esterhazy Quartet served as visiting ensemble-in-residence at the Berklee College of Music in Boston from 1996-2016 and celebrated its 50th anniversary as ensemble-in-residence at the University of Missouri School of Music in 2019.

Esterhazy String Quartet Seminar

Founded in 1976, the Esterhazy String Quartet Seminar is one of the oldest summer chamber music programs in the country. Sixteen gifted high school students, under the guidance of members of the Esterhazy Quartet, immerse themselves in great chamber music from the classical to the modern.

During the week-long session, participants receive daily chamber music coachings, private lessons with faculty artists, and the opportunity to perform in solo masterclasses. Each chamber ensemble will perform at least twice during the session.

The combination of a low student-to-faculty ratio (4 to 1), stimulating and talented peers, and the challenge of some of the world's greatest music serves to inspire students to achieve tremendous musical and personal growth.

Participants are a select group of advanced high school violin, viola, and cello students, ages 15-18, chosen through recorded auditions.

Dates
