

Greetings!

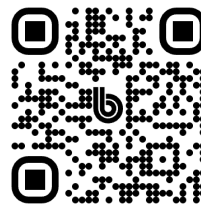

For this year's Band Day event, we will be utilizing the BAND app as our main method of communication. On this app, directors and chaperones can view files such as the bus unloading map, view the schedule and any updates that may arise on that day, and communicate any questions with the coordinators of this event.

To join this group, you will need to make sure you download the app on your smartphone's app store such as the following below for Apple and for Android:

Depending on which device you open this file in, you can either click the following link to join or you can scan the QR code:

<https://band.us/n/a5acb1jaH0x4b>

Please do **not** share this link with your students as we want to limit access to only the chaperones and the band directors. By clicking on the Members tab, you can view who your guide will be for the day too.
